

Air and sea freight rates increase due to COVID19

- The amount of receivables has become huge even for traditional business partners
- Tight cargo space increases trading opportunities with new customers

Recently, the need for credit management and debt protection for existing and new clients in the transportation industry has increased dramatically.

With **TRADE CRREDIT INSURANCE** you can strengthen your risk management, avoid bad debts and recover from losses.

Please contact **Cosmos** for more information

We are a subsidiary of ITOCHU Corporation, operating in HK since 1974.

We specialize in credit insurance and we are handling a number of cases.

As we are not an insurer but a **broker**, we can make the best proposals from multiple insurers including NEXI.
