<CAUTION>

## Prevention of Typhoon Loss

Typhoon season is coming to Hong Kong. Cosmos would like to take this opportunity to share the below tips for severe weather preparation.

- From our experience, signboard, wall curtain, and window are exposed to the highest risk, your attention and precaution is recommended.
- Kindly be reminded to check your cargo and inventory are securely stored and raised off the floor to prevent water damage.
- Please ensure the windows, fitting and drainage are all in good condition.
- Please inspect and ensure your emergency equipment(such as sand bags, adhesive tape, water resistant...) are fully stocked and in good condition.

We sincerely hope that you will not suffer any loss but in case you encounter any damage or incidents and require our assistance, our Marketing Executive and Claim Team are standby to help. Thank you!
